

ADDRESSES,

PRESENTED TO

HIS EXCELLENCY SIR P. MAITLAND,

BY THE INHABITANTS OF UPPER CANADA,

ON THE OCCASION OF HIS

LEAVING THE PROVINCE.

To His Excellency SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We the undersigned, Magistrates, Clergy, and other Inhabitants of the District of Newcastle, in congratulating your Excellency on your recent elevation to the Government of our Sister Province of Nova Scotia, are constrained to acknowledge that our sentiments of unfeigned satisfaction at this mark of His Majesty's favor towards your Excellency, are checked by feelings of deep regret, that the connection which has so long subsisted between us is now about to be broken.

We have witnessed much in your Excellency's administration to assure us that the welfare of this fair portion of His Majesty's dominions has engrossed your earnest care and active exertions, while the test of experience and time declares how successfully they have been applied. Nor are we without causes of equal regret, in the prospect of your departure from this Province, in the loss of your Excellency's valuable example afforded us in our private walk as a Christian and a Gentleman.

Although the tongue of calumny (for the most worthy are not exempt from its maledictions) has attached accusations to the public career of your Excellency, and although the rashness of political zealots may have deluded the unwary into an unjust belief of their truth, we beg leave to proffer to your Excellency the acknowledgement of our conviction, that your desire and labours have been to merit the approbation of your Sovereign and to advance the interests of this Province.

Our beloved Monarch to whom we owe and feel the affection of grateful subjects has evinced the strongest mark of confidence in your Excellency, by appointing you to a higher trust and a more exalted charge. While this testimony of His Majesty's approbation declares that your Excellency's past services in the field of glory are not forgotten: it manifests also, that your Civil Services are as well appreciated.

That this flourishing portion of His Majesty's dominions, may escape the evils which the base intrigues of a turbulent faction would bring upon it, we believe, to be your Excellency's earnest wish and prayer. And we beg leave to assure your Excellency, that we will struggle against the dissemination of their delusive doctrines, by unaltered affection for our Constitution and determined loyalty to our King.

We entreat the Almighty's blessing on your Excellency and your amiable family, and pray that you may experience in every land the hearty affection and sincere good wishes which the loyal and the worthy amongst the subjects of His Majesty in Upper Canada so generally and so justly entertain.

Hamilton, 15th Oct. 1828.

Answer to an Address of the Inhabitants of the Newcastle District, presented to Lieut. Governor SIR PEREGRINE MAITLAND, on the occasion of His leaving the Province.

GENTLEMEN,

The Address from the Magistrates, Clergy, and other Inhabitants of the District of Newcastle is received by me with very much pleasure; and I am much indebted to you, Gentlemen, for your kindness in attending to present it in person.

I beg you will in return convey my assurances that the duties of any situation that may be committed to me by my Sovereign, will never prevent my feeling the most anxious solicitude for the happiness and prosperity of Upper Canada. After a long administration of this Government, it is truly gratifying to me to receive from so large and respectable a body of the people a manifestation of friendly feeling so warmly and kindly expressed.

When I assumed the Government of this Province, I could not but consider it my obvious duty to pursue that course which appear-

ed to me best calculated to promote your true interest, and to maintain against every encroachment the excellent Constitution which it is your happiness to enjoy.

I was never so unmindful of the experience afforded under all forms of Government, and in all Countries, as to imagine that I could secure the applause of those persons whose designs were inconsistent with those great objects—but I contented myself with the assurance that the approbation of my Sovereign, the satisfaction of my own conscience, and the gratifying acknowledgements of the virtuous and intelligent, must attend an adherence to the right course. I have therefore persevered, as I was bound to do, through evil report and good report, and I take my leave of you and of this Province, with the reflection that I have sacrificed no principle to the vain hope of appeasing the clamor of the unreasonable—that I have laboured much and anxiously to procure peace and security for those who have been artfully misled to defame and suspect the measures of my Government. It would be a source of deep and painful regret, if at any time your happiness as a people should be found to be diminished by a departure from the principles of the British Constitution, that such a departure could be traced to any act done or suffered by me while I had the honor of representing my Sovereign amongst you.—To be unable to cherish this reflection, would in my mind, be poorly compensated, by having purchased the silence of evil tongues from whose attacks no man in a public station can procure an exemption by honorable means.

For the people of this Colony I shall ever entertain the most sincere regard. I have constantly represented them to His Majesty as undeserving His utmost confidence and care; and when I observe the munificent Grants and the extraordinary exertions devoted by the Mother Country to your improvement and protection, I am happy in the belief, that my representations have not been doubted or disregarded.

I have particular pleasure, Gentlemen, in comparing the present state of your District with the appearance it wore ten years ago. I pray that your prosperity may increase, and that you may enjoy it in tranquillity.

—♦—
 To HIS EXCELLENCY SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.
 MAY IT PLEASE YOUR EXCELLENCY,

We His Majesty's most dutiful and loyal subjects, the undersigned Clergy Magistrates, and other Inhabitants of the District of Gore, understanding that your Excellency is about to retire from the

Government of this Province, are desirous—previous to your departure—to offer our congratulations upon His Majesty's increased confidence in your Excellency, in promoting you to a situation next to the General Government of the British North American Colonies; and to express to you the high sense which we entertain of your Excellency's conduct as Lieutenant Governor of this Province, which has been blessed with so many marks of the fostering hand of the Parent State since your Excellency has presided over it.

We have hailed with grateful feelings the beneficence of the best of Sovereigns in the various imperial grants so auspiciously made to secure to us and to our posterity, the proud advantages of British Subjects, as well for the purpose of fortifying our frontiers as for opening and improving our internal communications: in which we recognize your Excellency's favourable representations to His Majesty's Government, on those subjects so intimately connected with the true welfare of this Province.

We are not unmindful of the great improvement in this Province since your Excellency's Administration of its Government, in laying open to actual settlement, so many Townships, which were previously so many fellow subjects from the Mother Country.

We are also sensible that your Excellency's Administration has always been marked with that mildness which Religion and virtue inculcate; and we are satisfied that it has been your Excellency's constant desire to administer equal and impartial justice alike to all His Majesty's Subjects.

We beg to offer you our assurances of unfeigned respect, not only as the Representative of our beloved Sovereign but as a Soldier and a Christian; and to Lady Sarah Maitland, whose exemplary piety and domestic virtues commands our highest admiration; and wherever your Excellency and family's lot may be cast, our best wishes are, that you may enjoy happiness and prosperity.

Hamilton, District of Gore,

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

I receive with great satisfaction the affectionate Address of the Clergy, Magistrates, and other Inhabitants of the District of Gore, and am much indebted to you, Gentlemen, for your kindness in attending to present it in person.

The approbation of so Loyal and Respectable a Body of the Inhabitants of the District of Gore is very acceptable to me, for although when I shall leave this Province to discharge the duties of another Government, to which my SOVEREIGN has Graciously appointed me, I shall carry with me the consciousness of having been always actuated by an earnest and sincere desire to promote your welfare, I shall have great additional satisfaction in knowing that you have kindly and favorably appreciated my conduct.

You will oblige me by conveying also to the Inhabitants of the District of Gore my assurance that their just expressions of gratitude to our GRACIOUS SOVEREIGN for the munificent disposition displayed toward this Colony afford me particular pleasure. It is indeed to me a source of most agreeable reflection that I have suffered nothing to deter or discourage me from aiding, by the strongest representations to the KING's Government, every effort at public Improvement in this valuable Colony. In taking an affectionate leave of those who have so kindly addressed me, I beg to add the grateful acknowledgments of LADY SARAH MAITLAND, as well as my own, for the friendly wishes you have expressed for our happiness and welfare.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

Those who have had the honor of serving His Majesty in the Civil Government of Upper Canada, while it has been administered by your Excellency, present themselves before you, and beg permission to take their affectionate leave of your Excellency before your departure from the Province. In a few days the relation must be dissolved, which imposed upon us, in our several stations, the duty of obedience to your Excellency, and which gave to your Excellency the power of recompensing faithful public service by protection and favor. At this time when our sincerity cannot be doubted, we beg to offer our tribute of gratitude for the condescension and kindness, and, above all, for the justice which throughout

your Excellency's Administration have rendered obedience not merely a duty, but a cheerful act of the will, and which have enabled us at all times to submit our conduct and opinions with frankness and without reserve to your Excellency's judgment.

We beg to assure your Excellency that we shall retain through life a grateful recollection of your Excellency's goodness, and an earnest wish for your happiness.

REPLY.

GENTLEMEN,

I am very much alive to the kindness which has prompted you to take leave of me before my departure. And I am happy in the occasion it presents to me, of seeing you assembled, that I may express to you the good wishes I most cordially entertain for your happiness.

My administration of this Government has extended to a period longer than usual; and now that the duties of another station are about to separate me from you, it affords me the most lively satisfaction to feel, with how much sincerity, I can assure you of the interest which I shall ever take in your welfare, and of the grateful recollections which my intercourse with you has impressed upon my mind.

TO HIS EXCELLENCY SIR PEREGRINE MAITLAND, *K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.*

MAY IT PLEASE YOUR EXCELLENCY,

We, the undersigned Inhabitants of the Town of York, and its vicinity, beg leave to approach your Excellency upon the eve of your departure from this Province with feelings of the highest esteem and respect for your Person and Government, and with

sincerest assurances of our conviction, that your Excellency's administration of this Government, longer indeed than that of any of your predecessors, has been uniformly marked with that zeal for His Majesty's Service, and impartiality towards all classes of His Majesty's Subjects in this Colony, that your residence amongst us will be cherished in the grateful recollection of an affectionate and loyal people.

Under a Constitution essentially British, where free discussion forms so important a feature in the frame of political society, it is hardly to be expected, that any person could have so long filled the high and important station which your Excellency is now about to relinquish in this Country, without encountering a portion of that opposition, which is incidental to our free institutions, and without at the same time being the principal object of those acrimonious animadversions, from which even the more exalted station of our Gracious Sovereign is not exempted; but independent of the success which has attended your Excellency's labours in the public service, and the increasing prosperity of the Colony, which each successive year of your administration has witnessed; your Excellency must enjoy the satisfaction of feeling, that your promotion to the Government of Nova Scotia affords the amplest proof that these exertions and that conduct, to which we pay our humble tribute of approbation, have been as justly appreciated, by our most Gracious Sovereign, as they have been by every candid and well disposed Inhabitant of this Province.

It cannot but afford peculiar gratification to your Excellency to contemplate the rapid advancement in our trade, commerce and agricultural improvement; and to observe the vast increase in our population, during the ten years you have presided over our interests and promoted the development of our resources, and the present prosperity of the people of this Province affords an irrefragable evidence of the wisdom and justice of your Excellency's measures.

While we feel grateful to your Excellency for your exertions in advancing the temporal welfare of the Inhabitants of this Colony, we are confident we shall not offer to your Excellency an unwelcome testimony of our admiration, of the steady, uniform, and truly Christian example you have set in the discharge of your Religious duties, which, under Providence, are the best foundation upon which to build our hopes of doing good to our fellow men.

To LADY SARAH MAITLAND, whose dignified, mild and amiable deportment, must ever endear her to any society that may be so fortunate as to be graced by Her presence—we also beg leave to express our most affectionate and sincere regard, and we are confident that we do but speak the sentiments of those who have so often experienced the kindness and benevolence of Her Ladyship,

when we assure Her, that the numerous objects of Her Ladyship's bounty will long continue to pray for the health and happiness of a Benefactress so active in works of charity.

In taking leave of one who has so long and so faithfully represented our beloved SOVEREIGN, permit us to express our earnest hope, that your Excellency and family may, by the blessing of Providence, enjoy in your new Government, that happiness and prosperity which are the fit rewards of public virtue and of private worth.

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

After having long administered the Government in this Province, it is most gratifying to me to receive from so large and respectable a body of the Inhabitants of the Capital, the expression of such sentiments as are embodied in your Address.

In the discharge of the duties committed to me by my Sovereign, I have ever felt that it was not less due to the happiness and best interests of the people, than to my own reputation as a public Officer, and as a man, that I should firmly and steadily adhere to that course which I believed to be right. Acting upon this principle, I have shared with you, and with every sincere well-

wisher of the country, the common duty of maintaining our excellent Constitution against injurious innovations; and I neither expected nor desired to avoid participating with you in any of the consequences, which, by the exertions of the discontented, and unreasonable, may be made to attend, at least for a season, the most upright and consistent course of public conduct.

I have observed with pain, and not without astonishment, the credit which sometimes seems to have been given abroad to the most flagrant misrepresentations respecting this Province—misrepresentations alike injurious to the interests and the character of its inhabitants; and in very many instances so grossly and evidently false, that I have wondered not less at the apparent absurdity of such attempts, than at their unexpected success.

In regarding the possible effects of misrepresentation, I have never ceased to declare to His Majesty my readiness and my wish at any moment, or in any manner, to account for every act of my Government; and if this opportunity of explanation has in no instance been presented, I must take it for granted, it is because it has in no instance been thought necessary.

I have great pleasure, Gentlemen, in reflecting upon the present very improved state of this Colony, and in observing the extremely rapid growth of this Town. I pray earnestly and sincerely that your welfare and your happiness may continue and increase.

I thank you for your very kind congratulations upon the appointment which I have recently received—and you must permit me to add the thanks of Lady Sarah Maitland to my own, for the friendly wishes you have expressed, and to assure you that we shall always hold in grateful recollection our intercourse with the Inhabitants of the Town of York.

To His Excellency SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

Being apprised that your Excellency has been promoted to the Government of Nova Scotia, we cannot permit you to depart hence, without some expression of feeling, by which the Loyal Province over whose destinies you are now to preside, may form some judgment of the way in which your services have here been estimated. The present we consider as a peculiarly appropriate time for the expression of our sentiments.—Your Excellency has now nothing to bestow, and we of course nothing to expect; it will therefore be impossible for the most fertile minded asperser of your Excellency's

administration, to impute to us other motives, than those of the purest disinterestedness,—of the most perfect attachment to your Excellency's person and government.

For ten years we have lived under the mild and equitable administration of your Excellency—for ten years we have witnessed, with the attention of men having a deep interest at stake in the welfare of the Province, the unwearied exertions of your Excellency for the advancement of its prosperity, and the happiness of its people—and although we have during this period not unfrequently heard of *oppression*, of *misrule*, of *public wrongs*, and *private grievances*, we believe they have existed only in the imaginations of men, who, either to attain popularity, or to gratify some less laudable propensity, endeavour to infuse into the public mind a spirit of hostility to the existing authorities of the Country. The people feel, (notwithstanding the industry of the discontented and the disaffected) that they are living in the perfect, the undisturbed, unfearing possession of every blessing of our enviable Constitution.—“They sow in hope, and reap in gladness.”—They arise with the smiles of the morning and lie down beneath the shadows of night “none daring to make them afraid.”—They see the Country once an uncultivated desert, now unfolding its fertile bosom; and by the abundance of its productions, their toils are compensated, and their wants supplied. They witness also the many and important operations which are progressing for the improvement of their internal navigation; and whilst they proudly anticipate the day, as almost at hand, when the once isolated Barque of the Western Lakes, shall proudly swell its spreading sails upon the bosom of the ocean, bearing the productions of their farms to distant lands, they cannot help thinking (notwithstanding all they have heard to the contrary) that under your Excellency's administration, the Province is rising to great commercial, and agricultural importance. It is therefore impossible that we, who are likely to derive so great advantages from the measures recommended and adopted by your Excellency, and entertaining as we do the highest esteem for your Excellency's private character could now abstain from assuring your Excellency, that we deeply regret your departure from this Province.

Permit us therefore to bid your Excellency a grateful and affectionate farewell; and believe us when we say, we shall ever feel as happy to hear of your political advancement as we have always been of your domestic happiness.

GENTLEMEN,

I have received your affectionate Address with much pleasure, and I duly appreciate the generous feeling which prompts you at the moment of my departure, to do justice to the motives by which I have been actuated during my administration of this Government.

That the Inhabitants of the Township of London cannot be too grateful for the blessings that surround them, is forcibly impressed upon my mind, by my recollection of the appearance which that Township presented to me when so few years had elapsed from its first settlement. I need scarcely remind you, however, that it is not by the excellence of climate and soil that the prosperity or the happiness of a community can be ensured; a disposition to appreciate justly the advantages they enjoy, and to acquiesce contentedly in the arrangements necessary to social order, are required to render the political condition of any people permanently happy. If the feelings which you have so warmly and so kindly expressed do not universally prevail, and if the efforts to which you allude for exciting discontent among a people who have so much to be grateful for, have been partially successful, I can but attribute it to that want of general knowledge of the truth, which renders a portion of the best disposed population always too easily accessible to the designs of the ambitious and the turbulent.

I rejoice with you, Gentlemen, in the cheering prospect of rapid improvement which Upper Canada presents.

In departing to assume the duties of the Station to which my Sovereign has been graciously pleased to advance me, I shall bear with me a grateful recollection of your kindness, and the consciousness that I have in no act of my Government suffered any other motive to prevail with me than an anxiety to discharge my duty by promoting your best interests.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

His Majesty's dutiful and loyal subjects resident in Stamford, beg leave to express their gratification at His Majesty's appointment of your Excellency to the command of Halifax and its dependencies; which they hope and trust may be to your advantage in as great a degree as the honor has been intended by their Sovereign.—In the expression of this sentiment they have been actuated by the impression that your Excellency's best endeavours have ever been exerted for the general good and welfare of the Province, and the recent dedication of the Church in this Village and consecration thereof to the service of God, will ever secure that impression on their minds, when they consider the very great trouble and interest you took in the accomplishment of so desirable an object.—Your subscriptions towards its formation as well as the great expense you were put to in the decoration thereof, &c. add to which the example of your Excellency, your Lady and Family, in all religious duties, acts of benevolence and charity, cannot fail to inspire this community with such becoming and moral conduct, as is essential to their best interests and well being of society; and they earnestly hope that this mark of His Majesty's approbation will ere many years have passed, be followed by your assuming the supreme command of these Colonies, and that they may have the heartfelt satisfaction of again offering you their congratulations—which is humbly submitted.

GENTLEMEN,

I receive very cordially your kind congratulations on the appointment graciously conferred upon me by my Sovereign.

Duly as I appreciate the honorable distinction, I cannot but feel painfully the necessity, it of course, imposes on me of bidding farewell to a neighbourhood to which I, and every member of my family, have learnt to be warmly attached, and from which, while I confess that we shall depart with reluctance, I must also add, that we shall not depart without many pleasing and grateful recollections.

I was much gratified in having it in my power to assist your laudable exertions to supply the want of an additional place for public worship, by the erection of the Church, which I am happy to have seen completed. And I have observed with lively satisfaction a very general disposition among you duly to frequent divine service in your respective congregations.

In thanking you for the kind manner in which you have expressed yourselves in the latter part of your Address, you must permit me to assure you, that wherever may be my future destination, fervent and lasting will be my wishes as well for your personal welfare, as for the general happiness and advancement of your Country.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, the undersigned, Inhabitants of the Village of St. Catharines, and its Vicinity, understanding that your Excellency is about to leave this Province, to assume the more important Government of Nova Scotia, to which it has pleased our Most Gracious Sovereign to promote you—cannot omit the present opportunity of tendering to your Excellency our assurances of the high sense we entertain of the interest which your Excellency has ever manifested in the welfare and prosperity of this Colony.

Among the many Public Works, commenced during the administration of your Excellency, for the Improvement of the Province—the Welland Canal now drawing towards its completion, and in which we feel a deep interest, will of itself afford a lasting monument of your Excellency's zeal in promoting the best interests of this Colony; and we feel fully sensible that to your Excellency's favourable recommendation of this great undertaking are the Provinces indebted for the means of accomplishing it; and we most sincerely hope your Excellency will live to witness the beneficial effects that must result from its completion.

We wish your Excellency and family every happiness, and solicit your acceptance of our assurances of our highest respect and gratitude.

GENTLEMEN,

I receive with great satisfaction this Address from the Inhabitants of the Village of St. Catharine's and its Vicinity.—To you, Gentlemen, my warm acknowledgments are due for the trouble you have kindly taken to present it to me on their behalf.

May I request you to convey to them my thanks for their good wishes, and the manner in which they have adverted to my administration.—I have certainly never ceased to feel most forcibly the desire of advancing to the utmost of my power the improvement of the Country, and it is truly gratifying to me that my exertions on this point have been so kindly appreciated.

It has afforded me sincere pleasure to witness the great work suggested by an Inhabitant of your Village so prosperously ad-

vancing. It has not wanted my best recommendations nor my earnest wishes for its successful and early completion, which I hope the recent assistance received from His Majesty's Government will suffice to render certain.

Allow me to assure you, that my removal from this Province to a more extensive command, will not impair the interest I take in your welfare, nor be suffered to obliterate my sense of the kindness and attention I have experienced during my residence in your Vicinity.

To His Excellency Sir Perigrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

Our most gracious Sovereign having been pleased to promote your Excellency to the Government of Nova Scotia, we the Inhabitants of Bastard, and other Townships in the District of Johnstown, beg leave to address your Excellency before giving up the Government you have so long administered with credit to yourself, to the satisfaction of His Majesty's Government, and of all true friends to the Provincial Government.

Having always approved of the Government of this Province as happily administered by your Excellency, we cannot but deplore your departure.

The improvements suggested by your Excellency, some of which have been commenced and others carried into execution, evince the great desire of your Excellency upon all occasions to promote the interest of those over whom your Excellency was appointed to govern. The last ten years have been most fruitful in improvements, a new District has been formed, many Settlers have been introduced into the Province, Roads opened and made, and Canals commenced, for all which we shall ever hold in grateful remembrance the administration of your Excellency in the improvement of the Navigation between Kingston and the Ottawa, by which the people in this section of the Country are more immediately benefitted than most of our fellow subjects, and we shall ever pray that your Excellency may continue to enjoy the confidence of His Majesty's Government so long as your Excellency shall desire a public situation, which we hope and trust you will live to enjoy for many years.

REPLY.

GENTLEMEN,

I have received with much pleasure your affectionate Address.

My recent visit to the great Work to which you allude, and by which you cannot fail to be exceedingly benefitted, has confirmed my opinion of its vast importance to the Province, and I shall anxiously desire to hear of its successful completion.—In yielding my best exertions to advance the welfare of Upper Canada, I have but fulfilled the gracious intentions of my Sovereign, and you may be assured, Gentlemen, that the interest which I take in the happiness and prosperity of the people of this Province, will not cease with my residence amongst them.

I beg to offer my best wishes for your welfare and happiness.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We His Majesty's dutiful and Loyal Subjects, Inhabitants of Perth and its Vicinity, beg leave most respectfully to approach your Excellency, and offer our unfeigned sorrow and regret at your contemplated departure from the Government of this Province, which you have so long, so ably, and so impartially exercised.

We cannot but feel sensible that the advancement of your Excellency to the Government of Nova-Scotia and its dependencies, is a just tribute and a special mark of approbation from our beloved Sovereign, for the faithful and equitable discharge of the important trust committed into your Excellency's hands, when His Majesty was graciously pleased to invest you with the Government of this Province.—It becomes us on the present occasion to express our decided conviction (without indulging in any species of flattery) that your Excellency has through innumerable difficulties fulfilled the gracious intentions of our beloved Sovereign, that your Excellency has conducted the administration of the Government of this Province, in a manner conducive to the best interest of its Inhabitants, and that you have steadily upheld the honor of the Crown without infringing upon the rights of the people, which even those few who opposed your Excellency's administration must confess.

Under this impression and conviction, and convinced as we are, that every act of your Excellency's administration has been for the real benefit of the Province confided to your charge, that we feel ourselves called upon to offer to your Excellency the unfeigned acknowledgements of a grateful and loyal people, warmly attached to the Person and Government of our most gracious Sovereign, and personal regard for your Excellency.

Your Excellency is now about to leave us, permit us to express ourselves according to the dictates of our hearts, and emphatically say that we part from your Excellency with regret.—But you must leave us, your Sovereign commands your services in another part of His dominions—go then, and in the exalted station your Sovereign has committed to your care, discharge the Government of Nova Scotia as you have done that of Upper Canada, with *fidelity, with honor, and with impartiality.*

We now bid your Excellency farewell—may you, LADY SARAH MAITLAND and family, have a safe and speedy voyage, and may you continue to enjoy uninterrupted happiness and prosperity.

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

I have received the affectionate address of the Inhabitants of Perth and its Vicinity, with much satisfaction. The mark of my Sovereign's approbation which He has been graciously pleased to bestow upon me, in appointing me to the Government of Nova Scotia, is enhanced in value by your kind congratulations.

The circumstances under which the District of Bathurst was settled at comparatively a late period, have led me to mark its rapid and satisfactory progress with particular interest, and in my recent tour along the course of the Rideau Canal, I have had equal reason to admire the wonderful capability of improvement which the Country presents, and the unbounded munificence and the provident care displayed by the maternal Government in the great work which I had the pleasure to visit.

I cannot but fear, that however zealous and honest have been my endeavours to discharge my public duty, I must nevertheless have failed to deserve in their extent the terms of unqualified approbation which you have in so cordial a spirit applied to my conduct, in the administration of the Government.

It has certainly been my desire to uphold the honor of the Crown without infringing the rights of the people, and I willingly persuade myself, that with the candid and the well disposed, I cannot but have credit for good intentions, when I am presented with so valuable a testimony of good will from the population of the District of Bathurst.

In the name of LADY SARAH MAITLAND, I thank you for your kind wishes towards herself and my family, and you may be assured, that in whatever station I may be placed, I shall ever sincerely rejoice to hear of your happiness and prosperity.

To HIS EXCELLENCY SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We His Majesty's most dutiful and loyal subjects, the Magistrates, Grand Jury and Bar, of the District of London, in General

Quarter Sessions assembled, beg leave most respectfully, on your Excellency's retirement from this Province, to assure your Excellency, that during the ten years of your administration of the Government we have witnessed a zeal and constant care on the part of your Excellency, to promote general Education in all its branches, to develop and cultivate the resources and capabilities of the country, and to improve its moral and political condition by every means in your power.—And to assure your Excellency, that this course has not failed to become deeply impressed on our minds, and to secure to your Excellency our most unfeigned and sincere regard.

To assure your Excellency, that we are fully sensible of the deep interest your Excellency has taken in settling, on the best foundation that circumstances would admit, the financial difficulties which we formerly experienced with our sister Province of Lower Canada; and are not unmindful of the advantages which the Province has derived from the extinguishment of the claims which His Majesty has most graciously allowed to the Aborigines for immense tracts of country within the Province, which under the wise and judicious superintendence of your Excellency, have been Surveyed and put under Settlement with Emigrants from our Mother Country to a very growing extent, without adding to the public burdens of the Province, by which our extensive settlements are becoming consolidated, and our physical strength increased.

To assure your Excellency of the high sense of gratitude we feel in return for the successful efforts your Excellency has made in improving the internal communications of the Province by Canal Navigation, and the construction of Harbours upon the Lakes, or Inland Seas, by which the Province is bounded. We cannot withhold from your Excellency the just meed of praise for the deep interest your Excellency has taken in representing the Province so strongly to the favorable consideration of the Imperial Government, as to procure the large grants so lately made by the Legislature of the Mother Country for the completion of the Welland Canal, the Rideau Canal, and the erection of Fortifications for our defence.

To assure your Excellency that the equity, moderation and firmness, by which your administration has been distinguished, has not passed unobserved by us. Nor can we permit this last opportunity to pass without assuring your Excellency, that the tender and unremitting regard which you have constantly paid to the settling and securing upon a firm basis, the civil rights of all such of His Majesty's subjects as were liable to question, is duly appreciated by us, as well as by all the intelligent and well disposed with whom we are acquainted.

We wish your Excellency, Lady Sarah and family, many years of happiness and prosperity.

London 14th, Oct. 1828.*

(By order of the Court)

M. Burwell, *Chairman Protem.*

(By order of the Grand Jury.)

John Sovereign, *Foreman,*

John Tenbroeck, *Barrister,*

William Salmon, *Barrister,*

James Givins, *Barrister,*

Peter W. Rapelje, *Barrister.*

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

I have received your affectionate Address with much pleasure.

It cannot but be gratifying to me when about to enter upon the duties of a new Government to find my endeavours in this Province to fulfil the gracious intentions of my Sovereign, so kindly and so generally acknowledged, that I may venture to assure myself that they have met with a reasonable measure of success. In remarking the very rapid advancement in the Settlement of your District during my administration of this Government, I cannot fail to remember, and I am sure I need not remind you, how much it is to be ascribed to the perseverance and exertions of a distinguished friend of yours who is now absent from the Province.

The general measures for the improvement of this Province to which you have adverted in terms of approbation were sincerely designed to promote your welfare, and I trust they have not failed to do so. In justice to myself, however, I cannot forbear to add, that my wishes have extended further, and that my judgement has suggested to me other important improvements which the Executive Government alone could not accomplish.

I take my leave of you, Gentlemen, with every friendly feeling for your welfare, and you must permit me to thank you in the name of Lady Sarah Maitland for the kind mention you have made of her.

To His EXCELLENCY SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, His Majesty's most dutiful and loyal Subjects, the Magistrates and Inhabitants of the Township of Grimsby, beg leave most respectfully to approach your Excellency, to express the deep and unfeigned regret we experience from the knowledge that your Excellency is soon about to leave the Province, in order to assume the reins of Government in another part of His Majesty's dominions.

Fully sensible of the many advantages which the Upper Province has received from your Excellency's administration, and duly appreciating the benefits which have emanated from the wise and judicious measures which have characterized your Excellency's Government, we should be indeed wanting in gratitude did we not deeply deplore the departure of your Excellency from our prospering and happy country.

At the same time, however, we beg your Excellency to be assured, that we do most sincerely congratulate your Excellency on the appointment which it has pleased our Beloved Sovereign to confer upon you, and though we cannot but regret the loss of your Excellency's presence among us, we rejoice at the Royal discrimination which has called your abilities to a higher sphere of action.

We would beg your Excellency to convey to Lady Sarah, the very deep sense we entertain of Her Ladyship's amiable character, and while we look forward with no small degree of regret to the deprivation we are but too soon to experience, we would trust that the bright example she has afforded, will be long cherished in the hearts of those by whom her virtues have been properly appreciated.

Commending your Excellency, your noble Consort and family, to the protecting care of a Kind Providence, we respectfully intimate our wishes that the journey to your present destination may be agreeable and prosperous, and we pray to Almighty God that in every station, your Excellency and family may be enabled to enjoy the choicest gifts which Heaven can bestow—health and happiness.

REPLY.

GENTLEMEN,

I have received the affectionate Address of the Inhabitants of Grimsby with much pleasure.

Your kind congratulations upon my appointment to the Government of Nova Scotia, and the terms in which you have spoken of my administration of this Government, are proofs of a friendly feeling, on your part, which I highly value.

You must permit me to add the sincere thanks of Lady Sarah Maitland to my own, for the good wishes you have so candidly expressed, and you may be assured, Gentlemen, that no change of situation or circumstances can diminish the interest we shall always take in your happiness and prosperity.

To His Excellency SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We the undersigned, Inhabitants of the Town of Kingston, beg leave to approach your Excellency to express our regret at your departure from this Province, over which you have presided so many years with such signal ability and credit to yourself, and advantage to the public. In thus offering our humble tribute of approbation to your Excellency's administration of the Government of this important Colony, we cannot but embrace this opportunity of manifesting to your Excellency, the deep sense, which we, in common with our fellow subjects in this portion of the dominions of our Sovereign, entertain of the many and great benefits that have resulted to this Province from the wisdom of your Excellency's administration of its Government.

The eminent and conspicuous part which your Excellency bore, under the great Captain of the age, in acquiring for your Country the Glory that irradiated the Banner of England, on the splendid though sanguinary fields of Spain, and the still more brilliant and gorgeous field of Waterloo, and by which the Military character of England has been elevated to the first rank among the nations of the earth, did not pass unnoticed by our most gracious and beneficent Sovereign. At the general tranquillity that was restored to the world, by the last most noble and gigantic effort of British valour and skill, the acknowledged talents of your Excellency pointed you out as eminently fitted for the most important

duties; and your Excellency soon received a noble testimony of your Sovereign's estimation of your great and important services in the field of glory, in your Excellency's appointment, to the Government of this valuable appendage of the British Crown.

Your Excellency's arrival amongst us was hailed with joy: nor have the expectations that were then formed of your private and public character, been at all disappointed; but on the contrary, great as even those expectations were, we have much pleasure in assuring your Excellency, that they have been more than realized.

The arduous duties which have been imposed upon your Excellency have been fulfilled to the public advantage. We observe with exceeding pleasure the great and rapid advances which this Province has made in population and general improvement, during your Excellency's administration. To that administration we are indebted for the commencement and progress of one of the most stupendous works the world can boast of. And under the same Government we have seen nearly the completion of another magnificent and important commercial work, the success of which is mainly attributable to your Excellency's protection, countenance, and support. Upper Canada will never cease to associate the names of the Rideau and Welland Canals with that of your Excellency.

In particularizing some of the vast advantages that have been derived from the administration of your Excellency, we purposely abstain from noticing the minor benefits that have resulted to the Province, though many of them have been of great interest and general importance.

We cannot take leave of your Excellency without offering our most sincere and hearty wishes for the welfare of your Excellency and of your amiable and distinguished consort and family. Nor can we refrain from the expression of our high gratification, that, since it has pleased our most gracious Sovereign to sever the ties which have subsisted for ten years between your Excellency and this Province, your Excellency has received so eminent a mark of our beloved Monarch's approbation as has lately been conferred upon your Excellency in your elevation to the second command in the Colonies of America.

By such an unequivocal proof of the estimation in which your Excellency is held by His Majesty, the sorrow that we experience at the departure of your Excellency is somewhat alleviated: and we are the more reconciled to your departure when we reflect that your Excellency's present removal is but the prelude to still further honors from His Majesty, and to more substantial proofs of His approbation and favor.

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

I have received with much pleasure your affectionate Address.

Though not a native of this Province I have had scarcely less satisfaction than yourselves in observing its very rapid improvement.

To do every thing in my power to hasten its advancement was the duty committed to me when I assumed the Government; and with the proof recently afforded to me of the continued confidence of my Sovereign, and hearing so cordially expressed to me the friendly feelings of yourselves and of so many others of our fellow subjects in this Province, I indulge the hope that my efforts have not been ineffectual. I must be permitted, Gentlemen, on the part of Lady Sarah Maitland, to thank you very sincerely for the good wishes you have expressed, and you may be assured, that we shall ever receive the most lively satisfaction in hearing of your prosperity and happiness.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We His Majesty's dutiful and loyal subjects, Inhabitants of Brockville and its Vicinity, beg permission to express our deep regret at your Excellency's anticipated departure from this Province;—a regret which we are bound to feel on looking back to the commencement of your Excellency's administration, and comparing the state of the Province then with what it is at the present.

From the encouragement given to Emigration at home, and the facilities afforded by your Excellency's Government to Settlers on their arrival, the population within the past ten years has become nearly doubled—upwards of thirty Townships have been organized and settled—in entirely new District has been formed, and its boundaries (recently comprising only an uninhabited wilderness) now maintain an industrious and contented population surpassed in loyalty by none of His Majesty's subjects.

The encouragement afforded by your Excellency to every public undertaking calculated to advance the welfare of the Province, deserves to be most gratefully acknowledged.

To your Excellency's approval of the design and recommendation of it to the Imperial Government, we owe the successful progress of the Welland Canal—an undertaking of such magnitude and importance as might not otherwise have been accomplished for many years, and could never have been projected on a scale commensurate with public utility; but which we have now the expectation of seeing speedily and satisfactorily completed.

The Rideau Canal, we are aware, is an undertaking likewise, which, from the first, met with your Excellency's support, and has been promoted by similar recommendation, while other measures which have been proposed, calculated to improve the Navigation of the St. Lawrence, and to facilitate internal communication throughout the Province, have been cherished by your Excellency's approbation.

These and many other facts are well known to public fame, and interwoven with the History of Upper Canada, and the perfect conviction, that in every act of your Excellency's administration, the real benefit of the Province, and the welfare of its Inhabitants have been intended, calls forth from us the sincere expression of our gratitude.

For your Excellency's personal character and private worth we have ever felt the utmost respect, and we cannot speak too highly of the example which these conjointly, with the unostentatious benevolence and distinguished virtues of Lady Sarah Maitland,

have held up to public imitation; an example, some effects of which, we doubt not, will be found imperishable.

But while on these accounts we regret your Excellency's departure, we cannot do otherwise than offer our cordial congratulations to your Excellency on this mark of your Sovereign's approval, an evidence of the esteem in which your conduct as His Majesty's Representative has been held, afforded to us by your promotion to the Government of Nova Scotia.

In taking leave of your Excellency it is our hearty prayer, that with Lady Sarah Maitland, and the rest of your family, you may have a fortunate passage to the place of destination, that you may live for many years continuing to enjoy the approbation of our most gracious Sovereign, and blessed with the loyalty and affection of the people confided to your authority.

To which His Excellency was pleased to make the following

REPLY.

GENTLEMEN,

I receive your affectionate Address with much pleasure.

Though my residence in this Province was of course not to be permanent, I have taken more than a temporary interest in its advancement. It is probable that no portion of the British Dominions has exhibited within these ten years so rapid an improvement as I have had the pleasure of witnessing in Upper Canada, and at the moment of my departure, I rejoice in the assurance so abundantly afforded to you, that our Gracious Sovereign justly estimates the value of this prosperous Colony, and will not fail to confirm by every means, the security, and to promote the happiness of its Inhabitants.

In taking my leave of you, first, I beg you to accept my thanks for your kind congratulations upon my recent appointment, and my sincere assurances that I derive much satisfaction from the terms in which after a long experience of my administration of this Government, you have been pleased to express yourselves towards me.

I must be permitted to thank you on the part of Lady Sarah Maitland, in your kind mention of Her, and we unite in best wishes for your happiness.

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, the Magistrates of the District of Niagara, in Quarter Sessions assembled, together with the Clergy, Gentry, and other inhabitants of the Town of Niagara and its vicinity, beg leave to express to your Excellency our sincere regret at the announcement of your approaching departure from the Province. We are deeply sensible that during every period of your Excellency's Government you have been actuated in your public measures by a paternal regard for the interest of the Colony committed to your charge, and by a desire to discharge with zeal and fidelity, the trust reposed

in you by His Majesty's Government, from which the Province has reaped innumerable and permanent benefits.

We feel gratified for the distinction conferred on our District by your residence amongst us for several years past; and beg to assure your Excellency that while humanity, benevolence and piety are respected and valued by us, the high example afforded by your Excellency and your Noble Lady, will be cherished in our recollections.

However we may feel and regret the loss we are to sustain in your removal, we beg your Excellency to believe us truly sincere in our congratulations, in the proof given by His Majesty of His due sense of your merit, in your appointment to a higher office; and in our wish that Providence may grant to your Excellency, Lady Sarah and Family a long continuation of health to enjoy the recent mark of honor and distinction, conferred by our Most Gracious Sovereign upon your Excellency.

To which His Excellency was pleased to make the following
REPLY.

GENTLEMEN,

I receive your affectionate address with sincere satisfaction.

You do me but justice in believing that it has been my anxious desire, during my residence in this Province, to discharge with fidelity the trust reposed in me by His Majesty. That trust involved deep responsibilities, of which it was my duty to be ever mindful; and as I naturally considered not as the least of those responsibilities the obligation incumbent on me to endeavour to afford an example in private life which might tend to the best interests of society, the testimony which you are so kind as to express in this respect as well as in others, is pleasingly grateful to me.

You must permit me, Gentlemen, to thank you cordially on behalf of Lady Sarah Maitland for the very kind mention you have made of her. Our residence in the District of Niagara has not failed to attach us warmly to a part of the country where we have received much kindness, which many circumstances have concurred to render agreeable to us, and which we shall not cease to bear in our grateful recollection.

To HIS EXCELLENCY SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, the undersigned, Inhabitants of the Talbot Road and its vicinity, in the County of Middlesex, London District, with all the sentiments of respect and esteem, which your Excellency's administration of His Majesty's Government in this Province, and your uniform conduct, have excited in our minds, beg leave to express to your Excellency our regret at your departure from this Province.

Although many of us have not the honour of being personally known to your Excellency, yet your high character for all that distinguishes the man and the Christian, is well known to, and appreciated by all of us.

We conceive that the present prosperous state of the Province, when compared with what it was on your Excellency's assumption

of the reins of Government, renders it unnecessary for us to advert particularly to the measures of your Excellency's administration, yet having observed the principles from which they have proceeded, we take the liberty of expressing the high sense we entertain of the integrity, zeal and attention, which have constantly marked your Excellency's unwearied exertions to promote the welfare and the interests of the Province, and the happiness of the people.

Without adverting to the misrepresentations which have sometimes been made of your Excellency's administration, and which we most heartily condemn, we feel it our duty to assure your Excellency, that we thoroughly appreciate the unremitting zeal and kind regard for the general welfare, which have induced your Excellency to make use of your interest with the Government of the Mother Country in obtaining many favors and benefits which His Majesty has been pleased to confer on us in common with our fellow subjects in this part of the Province, and we tender our assurances that His Majesty has not in any part of his dominions, substances more inviolably attached to his Sacred Person and Government than the inhabitants of the Talbot Road and its vicinity.

With sincere and fervent wishes for the health and happiness of your Excellency and of Lady Sarah Midland and family, we most respectfully bid your Excellency farewell.

To which His Excellency was pleased to make the following
REPLY.

GENTLEMEN,

I very sincerely thank you for the many expressions of kind and friendly feeling towards me which are contained in your Address.

It could not fail to be gratifying to me on the eve of my departure from you after so long administering the Government of this Province, to be assured that so many of the intelligent and loyal inhabitants of the country are sensible that I have been ever influenced by an anxious desire to promote the welfare and happiness of the community over which I have presided—and that my endeavors have met with such a measure of success as to have secured to me their warm approbation, and affectionate acknowledgments.

I am aware, Gentlemen, that the King has in you subjects sincerely attached to His Majesty's person and Government—and I have ever been gratified in representing you to His Majesty as truly deserving of His favor.

I beg to assure you, Gentlemen, that Lady Sarah Maitland, appreciates as I do very highly, your good wishes—and permit me to add that we shall ever receive tidings of your prosperity with the most lively satisfaction.

◆

To His Excellency Sir Peregrine Maitland, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

On the eve of your Excellency's departure to assume the Government of a neighbouring Colony, we the undersigned Inhabi-

tants of the Town of Amherstburgh and Vicinity, in the Western District of Upper Canada, beg leave to convey to your Excellency this expression of our sense of the striking advancement of this Province in wealth and prosperity, during the happy period of your Excellency's administration.

The various important works undertaken since your Excellency's arrival in this Colony, connected with the improvement of its internal communications, of which some are already completed, and others are in a course of rapid progress, fully attest the judicious zeal and fostering support of your Excellency, manifested in reiterated recommendations to the local Legislatures, and no less effective representations to our generous Parent State.

To enumerate the many benefits and results flowing from the enlightened policy of an administration that has subsisted for ten years, would be tedious, as well as superfluous.

In your Excellency's present destination we behold that line of policy stamped with the perfect approbation of our most gracious Sovereign.

Before concluding, however, we beg leave to allude in a more particular manner, to one or two topics immediately affecting ourselves, which entitle your Excellency to our gratitude.

An early instance of the bounty of Government was extended to us through the medium of your Excellency, by a *Grant in fee simple*, to the respective possessors, of all the Town Lots, previously held under no title valid in Law.

And more recently, when the culture of a new and valuable staple was begun in the District, we have undoubted authority for believing that your Excellency's recommendations were strongly and successfully urged, to procure its admission on highly advantageous terms into the English market.

In conclusion, we pray your Excellency to accept of our best wishes for a safe journey to your new Government, and for your Excellency's future welfare.

Amherstburgh, 22nd Oct. 1828.

To which His Excellency was pleased to make the following
GENTLEMEN, REPLY.

I am much gratified by your cordial Address.

It has in truth been my anxious wish to remove every obstacle to the advancement of your District, and I shall be rejoiced to learn that the works now in progress have not contributed to that object less effectually than was hoped.

Your kind recollection of a benefit, it was fortunately in my power to confer on the Inhabitants of Amherstburgh in the early part of my administration, affords me much pleasure, and I must request you to believe, that my departure from this Province, will not abate my good wishes for your welfare.

CANADA COMPANY'S OFFICE,
GUELPH, 21st Oct. 1828.

SIR,

I beg leave on behalf of the Canada Company, to offer to your Excellency the most respectful acknowledgments for the favourable manner in which every application on the business of the Company has been received and considered.

In no instance, even where explanation was necessary, has your Excellency declined to accede to any request, and any official transactions with the Members of your Excellency's Government, have always been entertained with attention and completed with despatch.

On the occasion therefore of your Excellency's departure from the Province, I should be failing in my duty were I not to acknowledge, that the Canada Company is indebted to your Excellency for important obligations.

I have the honor to be,

Sir,

(Signed) Your Excellency's
Most ob't. humble Serv't.
J. GALT.

His Excellency Sir P. Maitland,
K. C. B., &c. &c. &c.

GOVERNMENT HOUSE,
25th October, 1828.

SIR,

I beg you to believe, that I am very sensible of the frankness of the acknowledgement contained in your letter of the 21st instant.

It has been my constant desire, and it has been equally the wish of the Members of this Government, to afford you every facility in the discharge of the trust reposed in you by the Canada Company, and it is satisfactory to me to be assured, that this disposition has been justly appreciated.

It will give me much pleasure to learn that the undertakings of the Company, produce in their results all the benefits to the association and to the Province, that can have been anticipated from them.

I have the honor to be,

Sir,

(Signed)

Your obed't. Servant,

P. MAITLAND.

John Galt, Esq.
&c. &c. &c.

To His Excellency SIR PEREGRINE MAITLAND, K. C. B. Lieutenant Governor of the Province of Upper Canada, and Major General Commanding His Majesty's Forces therein, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,

We, the undersigned Magistrates, Militia Officers and others, Inhabitants of the Township of Colchester, in the Western District, in congratulating your Excellency on your recent elevation to the Government of our Sister Province of Nova Scotia, are constrained to acknowledge that our sentiments of unfeigned satisfaction at this mark of His Majesty's favour towards your Excellency are checked by feelings of deep regret that the connection which has so long subsisted between us is now to be broken.

We have witnessed much in your Excellency's administration to assure us that the welfare of this fair portion of His Majesty's Dominions has engrossed your earnest care and active exertions, particularly with respect to your Excellency's exertions in forwarding the navigation round the Falls; and also the interest your Excellency used in introducing, by your recommendation, a new and staple commodity of Commerce into the English Market under terms highly advantageous to this part of Canada; nor are we without causes of equal regret in the prospect of your departure from this Province in the loss of your Excellency's valuable example afforded us in your private walk, as a Christian and a Gentleman.

Although the tongue of calumny has attached accusations to the public career of your Excellency, and although the rashness of political zealots may have deluded the unwary into an unjust belief of their truth, we beg leave to proffer to your Excellency the acknowledgment of our conviction that your design and labors have been to merit the approbation of your Sovereign, and to advance the interests of this Province.

Our beloved Monarch, to whom we owe and feel the affection of grateful Subjects, has evinced the strongest mark of confidence in your Excellency by appointing you to a higher trust and more exalted charge. While this testimony of His Majesty's approbation

declares that your Excellency's past services in the field of glory are not forgotten, it manifests also that your Civil services are as well appreciated.

That this flourishing portion of His Majesty's Dominions may escape the evils which the base intrigues of a turbulent faction would bring upon it, we believe to be your Excellency's earnest wish and prayer. We beg leave to assure your Excellency that we will struggle against the dissemination of their delusive doctrines by unaltered affection for our Constitution, and determined Loyalty to our King.

We entreat the Almighty's blessing on your Excellency and your amiable family, and pray that you may experience in every land the hearty affection and sincere good wishes which the loyal and the worthy amongst the Subjects of His Majesty in Upper Canada so generally and so justly entertain.
